NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
To Be Held on May 18, 2018

To the Stockholders:

The annual meeting of stockholders of Westlake Chemical Corporation (the "Company" or "Westlake") will be held at the Westlake Center Annex, 2801 Post Oak Blvd., Houston, Texas 77056, on Friday, May 18, 2018 at 9:00 a.m. local time for the following purposes:

- (1) To elect the four members of the Board of Directors named in this Proxy Statement for the terms described in the Proxy Statement;
- (2) To ratify the appointment of PricewaterhouseCoopers LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2018; and
- (3) To act upon any other matters that may properly come before the annual meeting.

The Board of Directors has fixed the close of business on March 19, 2018 as the record date for the determination of stockholders entitled to notice of, and to vote at, the annual meeting.

We are using the Securities and Exchange Commission's Notice and Access proxy rule, instead of mailing a printed set of materials to each stockholder. On April 6, 2018, we mailed to stockholders of record a Notice Regarding the Availability of Proxy Materials, with instructions on how to access the Company's proxy materials via the Internet (or to request a printed copy) and how to vote online, by telephone or in person at the annual meeting.

All stockholders are requested to be present in person or by proxy. Please vote your proxy whether or not you plan to attend the annual meeting. You can vote your proxy either by the Internet, telephone or by requesting a printed copy of the materials and returning the proxy card enclosed with the printed materials in the envelope furnished for that purpose. Any stockholder may revoke a proxy for any reason and at any time before it is voted at the annual meeting.

Voting by the Internet or telephone is fast, convenient and your vote is immediately confirmed and tabulated. By using the Internet or telephone you help the Company reduce postage and proxy tabulation costs.

Your cooperation is appreciated as a majority of the common stock must be represented, either in person or by proxy, to constitute a quorum for the conduct of business.

By Order of the Board of Directors

L. Benjamin Ederington
Senior Vice President, General Counsel,
Chief Administrative Officer and Secretary

Dated: April 6, 2018

PROXY STATEMENT

For the Annual Meeting of Stockholders to be Held on May 18, 2018

GENERAL MATTERS

This Proxy Statement and the accompanying form of proxy are being furnished to the stockholders of Westlake Chemical Corporation (the “Company” or “Westlake”) on or about April 6, 2018 in connection with the solicitation of proxies by our Board of Directors for use at the annual meeting of stockholders to be held on Friday, May 18, 2018 at 9:00 a.m. local time at the Westlake Center Annex, 2801 Post Oak Blvd., Houston, Texas 77056, and any adjournment of the annual meeting.

The following matters will be acted upon at the annual meeting:

- (1) To elect the four members of the Board of Directors named in this Proxy Statement for the terms described in the Proxy Statement;
- (2) To ratify the appointment of PricewaterhouseCoopers LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2018; and
- (3) To act upon any other matters that may properly come before the annual meeting.

Our Board of Directors does not know of any other business to be brought before the annual meeting, but if any other business is properly brought before the annual meeting, proxies will be voted upon those matters in accordance with the judgment of the person or persons acting under the proxies.

All shares represented by validly authorized proxies will be voted in accordance with the instructions contained in the proxies. The Board of Directors recommends a vote:

- (1) FOR the nominees for director listed in these materials and on the proxy; and
- (2) FOR the ratification of the appointment of the Company’s independent registered public accounting firm.

In the absence of voting instructions to the contrary, shares represented by validly executed proxies will be voted in accordance with the foregoing recommendations. A stockholder giving a proxy has the power to revoke it at any time before it is voted at the annual meeting by providing written notice to the Secretary of the Company, by delivering a later-dated proxy, or by voting in person at the annual meeting.

Only stockholders of record at the close of business on March 19, 2018, also referred to as the record date, will be entitled to vote at the annual meeting. At the close of business on the record date, there were 129,592,475 shares of common stock, par value \$0.01 per share, outstanding, which represent all of the voting securities of the Company. Each share of common stock is entitled to one vote. Stockholders do not have cumulative voting rights in the election of directors.

A majority of the common stock entitled to vote at the annual meeting, present either in person or by proxy, will constitute a quorum. Abstentions and “broker non-votes” will be counted as present for purposes of determining whether there is a quorum present at the meeting. Shares held by a broker or other nominee as to which they have not received voting instructions from the beneficial owners and lack the discretionary authority to vote on a particular matter are called “broker non-votes.” Under the rules of the New York Stock Exchange, certain matters, such as the election of directors are not considered “routine” matters and, therefore, your broker will not have the discretionary authority to vote your shares on that matter if you have not given your broker specific instructions as to how to vote. Please be sure to give specific instructions to your broker.

Directors are elected by a plurality of the votes cast at the annual meeting, either in person or by proxy. Abstentions and broker non-votes will not be included in the total of votes cast and will not affect the outcome of the vote.

An affirmative vote of a majority of the votes cast at the annual meeting, either in person or by proxy, is required to ratify the appointment of PricewaterhouseCoopers LLP as the Company’s independent registered public accounting firm. Abstentions on the proposal to ratify the appointment of PricewaterhouseCoopers LLP will not be included in the total of votes cast and will not affect the outcome of the vote.

If your shares are held through a bank, broker or other nominee (i.e., in “street name”) and you have requested printed versions of these materials, the Company has asked your bank or broker to forward copies of the materials to you and

to request your authority for execution of the proxies. The Company will reimburse the banks and brokers for their reasonable out-of-pocket expenses in doing so. Officers and employees of the Company may, without being additionally compensated, solicit proxies by mail, telephone, facsimile or personal contact. All proxy-soliciting expenses will be paid by the Company in connection with the solicitation of votes for the annual meeting. The Company has engaged Broadridge Financial Solutions, Inc. to tabulate voting results.

INFORMATION REGARDING THE BOARD OF DIRECTORS

INDEPENDENCE OF DIRECTORS

As of March 19, 2018, TTWF LP, our principal stockholder, owned 71.0% of the outstanding common stock of the Company. Under the corporate governance rules of the New York Stock Exchange, we are considered to be controlled by TTWF LP. As a controlled company, we are eligible for exemptions from provisions of the New York Stock Exchange's rules requiring a majority of independent directors, nominating and governance and compensation committees composed entirely of independent directors and written nominating and governance and compensation committee charters addressing specified matters. We have elected to take advantage of certain of these exemptions. In the event that we cease to be a controlled company within the meaning of these rules, we will be required to comply with these provisions after the specified transition periods.

Our Board of Directors has determined, after considering all of the relevant facts and circumstances, that Messrs. Robert T. Blakely, Michael J. Graff, Marius A. Haas, Max L. Lukens, Mark A. McCollum, R. Bruce Northcutt, H. John Riley, Jr. and Jeffrey W. Sheets are independent from our management, as "independence" is defined by the rules and regulations of the Securities and Exchange Commission ("SEC") and the listing standards of the New York Stock Exchange. This means that none of these directors, nor the nominee for director (Mr. McCollum), has any direct or indirect material relationship with us, either directly or as a partner, stockholder or officer of an organization that has a relationship with us and that none of the express disqualifications contained in the New York Stock Exchange rules applies to any of them. In making its independence determinations, the Board of Directors considered the fact that, while such relationship does not preclude independence under the New York Stock Exchange rules, Mr. Graff is an executive officer of a company with which Westlake conducts business in the ordinary course.

EXECUTIVE SESSIONS

The Company's governance guidelines require that non-management directors meet at regularly scheduled executive sessions without management. At these meetings of non-management directors, the non-management directors have decided that the non-management director that presides over the meeting will rotate among the non-management directors.

Since two of the non-management directors (Ms. Jenkins and Mr. David Chao) are not independent, the Company's governance guidelines require that the independent directors meet at least once a year. At these meetings of independent directors, the independent directors have decided that the independent director that presides over the meeting will rotate among the independent directors.

Stockholders and other interested parties may communicate with the non-management directors or the independent directors in the manner described under "Communications with Directors" below.

COMMITTEES OF THE BOARD OF DIRECTORS

The Audit Committee

The Audit Committee of the Board of Directors is currently comprised of Robert T. Blakely (chairman), Michael J. Graff, Max L. Lukens, R. Bruce Northcutt, H. John Riley, Jr. and Jeffrey W. Sheets. All current Audit Committee members are "independent" as defined by the listing standards of the New York Stock Exchange and Section 10A(m)(3) of the Securities Exchange Act of 1934. The board has determined that each of Messrs. Blakely, Graff, Lukens, Northcutt, Riley and Sheets is an "audit committee financial expert" as that term is defined by SEC regulations. The primary functions of the Audit Committee are to review the adequacy of the system of internal controls and management information systems, to review the results of our independent registered public accounting firm's quarterly reviews of our interim financial statements, to review the planning and results of the annual audit with our independent registered public accounting firm, and to have oversight of financial risks. This Committee held eight meetings in 2017. The Board of Directors has adopted a written charter for the Audit Committee. The Audit Committee charter is publicly available on our website at: <http://www.westlake.com> under "Investor Relations—Corporate Governance."

The Compensation Committee

The Compensation Committee of the Board of Directors is currently comprised of R. Bruce Northcutt (chairman), Robert T. Blakely, Albert Chao, David Chao, James Chao, Michael J. Graff, Marius A. Haas, Dorothy C. Jenkins, Max L. Lukens, H. John Riley, Jr. and Jeffrey W. Sheets (i.e., all of the members of the Board of Directors). Since Westlake is considered to be controlled by a principal stockholder under New York Stock Exchange rules, all Compensation Committee members are not required to be independent as defined by the listing standards of the New York Stock Exchange. Messrs. Albert Chao, David Chao and James Chao and Ms. Jenkins are not “independent” as defined by those listing standards. The Compensation Committee’s primary functions include overseeing our executive compensation, director compensation and equity and performance incentive compensation plans and policies. This Committee held five meetings in 2017. The Compensation Committee has adopted a written charter. The Compensation Committee charter is publicly available on our website at: <http://www.westlake.com> under “Investor Relations—Corporate Governance.”

The Nominating and Governance Committee

The Nominating and Governance Committee is currently comprised of H. John Riley, Jr. (chairman), Robert T. Blakely, Albert Chao, David Chao, James Chao, Michael J. Graff, Marius A. Haas, Dorothy C. Jenkins, Max L. Lukens, R. Bruce Northcutt and Jeffrey W. Sheets (i.e., all of the members of the Board of Directors). Since Westlake is considered to be controlled by a principal stockholder under New York Stock Exchange rules, all Nominating and Governance Committee members are not required to be independent as defined by the listing standards of the New York Stock Exchange. Messrs. Albert Chao, David Chao and James Chao and Ms. Jenkins are not “independent” as defined by those listing standards. The Nominating and Governance Committee’s primary functions are (1) to identify individuals qualified to become directors of the Company, (2) to recommend to the Board of Directors director candidates to fill vacancies on the Board of Directors and to stand for election by the stockholders at the annual meeting of stockholders, (3) to recommend committee assignments for directors, (4) to monitor and annually assess the performance of the Board of Directors and its committees, and (5) to develop and recommend to the Board of Directors appropriate corporate governance policies, practices and procedures for the Company. In assessing the qualifications of prospective nominees to serve as directors, this Committee will consider, in addition to any criteria set forth in the Bylaws of the Company, each nominee’s personal and professional integrity, experience, skills, ability and willingness to devote the time and effort necessary to be an effective director, and commitment to acting in the best interests of the Company and its stockholders. This Committee held four meetings in 2017. The Nominating and Governance Committee has the authority to retain an executive search firm as needed to identify director candidates. The Nominating and Governance Committee has adopted a written charter. The charter is publicly available on our website at: <http://www.westlake.com> under “Investor Relations—Corporate Governance.”

The Nominating and Governance Committee will consider nominees recommended by stockholders. Any recommendation should be addressed in writing to the Nominating and Governance Committee, Westlake Chemical Corporation, c/o Corporate Secretary, 2801 Post Oak Blvd., Houston, Texas 77056. Recommendations for potential nominees may come from any source, including members of the Board of Directors, stockholders, self-recommendations or search firms. All persons recommended for a vacant or new Board position will be given equal consideration regardless of the source of the recommendation. The Nominating and Governance Committee takes diversity, broadly defined to include gender, ethnicity, national origin, geographic location, expertise and level and type of career experience, into account in evaluating the qualifications of prospective nominees to the Board.

BOARD LEADERSHIP STRUCTURE

We have separated the positions of chairman of the board and chief executive officer. Mr. James Chao serves as our Chairman of the Board and Mr. Albert Chao serves as our Chief Executive Officer. Our Board has concluded that balance and varying experience and judgment are added to the leadership of the Board by having these two positions filled by different persons.

Mr. James Chao, our Chairman of the Board, is not independent from our management, as “independence” is defined by the rules and regulations of the SEC and the listing standards of the New York Stock Exchange. Our independent directors meet at least once a year. At these meetings, the independent director that presides over the meeting rotates among the independent directors. See “Information Regarding Board of Directors—Executive Sessions.” We believe that this leadership structure is appropriate because we are controlled by TTWF LP, our principal stockholder.

BOARD ROLE IN CORPORATE RISK OVERSIGHT

The Board of Directors has formed a Corporate Risk Committee of our Board of Directors, which is currently comprised of Michael J. Graff (chairman), Robert T. Blakely, Albert Chao, David Chao, James Chao, Marius A. Haas,

Dorothy C. Jenkins, Max L. Lukens, R. Bruce Northcutt, H. John Riley, Jr. and Jeffrey W. Sheets (i.e., all of the members of the Board of Directors). This Committee assists the Board in overseeing overall risks inherent in the operations of the Company and the control processes with respect to those risks. Among other things, this Committee reviews the risk-management structure of the Company and reviews management's identification and assessment of significant risks and its plans to control those risks. The Corporate Risk Committee also reviews management's systems as they relate to enterprise-wide risks posed by the Company's physical assets and operating processes and addresses the findings of regulatory agencies concerning the Company's physical assets and operations. This Committee held four meetings in 2017.

As previously described, our Board's Audit Committee retains responsibility for oversight of financial risks, including integrity of financial statements, internal controls, derivatives transactions, loan covenant compliance, credit, liquidity, insurance and similar areas. Further, our Board's Compensation Committee retains responsibility for oversight of compensation and personnel practices, including succession planning and management development. Finally, our Board of Directors retains ultimate responsibility for corporate risk oversight as a whole as well as responsibility for oversight of specific risks not assigned to the Board's committees. As requested from time to time by the Board and its committees, members of our senior management present reports to the Board and the committees on the risks that we face.

COMPENSATION-RELATED RISK

The Company regularly assesses risks related to its compensation program, including its executive compensation program, and does not believe that the risks arising from the Company's compensation policies and practices are reasonably likely to have a material adverse effect on the Company. Management reports to the Compensation Committee and the Corporate Risk Committee regarding factors that could mitigate or encourage excessive risk-taking in reference to the compensation practices of the Company. In addition, the Compensation Committee has independently engaged Willis Towers Watson as its compensation consultant to provide regular reports to the Committee regarding best practices, risk factors, program design and related matters. The Compensation Committee also considered the attributes of the Company's programs, including:

- the mix of compensation types with an emphasis on performance-based programs,
- the array of performance metrics to be used in the programs and their alignment with business goals and objectives,
- the mix of vesting schedules for long-term incentives to help ensure the recognition and retention of talent and returning value to stockholders, and
- the Company's stock ownership, pledging and anti-hedging policy for directors, executive officers and certain other officers and employees, which requires such persons to retain 50% of any vested restricted stock and shares of common stock of the Company acquired through the vesting of restricted stock unit awards, net of shares used to pay applicable taxes, until the total value of such retained stock reaches five times the annual base salary for Messrs. Albert Chao and James Chao, three times the annual base salary for other officers (including Messrs. Bender, Buesinger and Ederington) and three times the annual cash retainer for directors, or until such person's employment or service, as the case may be, with the Company terminates. This policy also prohibits our directors and executives from shorting or hedging our securities, and requires directors and executives to provide notice prior to pledging our securities. None of our directors or executives currently pledges any of our securities.

CORPORATE GOVERNANCE

We have a Code of Ethics that applies to our principal executive officer, principal financial officer and principal accounting officer, a Code of Conduct that applies to all directors, officers and employees and Principles of Corporate Governance. You can find the above-referenced documents by visiting our website at: <http://www.westlake.com> under "Investor Relations—Corporate Governance." We will post on our website any amendments to such documents as well as any waivers that are required to be disclosed by the rules of either the SEC or the New York Stock Exchange.

COMMUNICATIONS WITH DIRECTORS

Any interested party is welcome to communicate with any one or all of our directors by writing to the director or directors, Westlake Chemical Corporation, c/o Corporate Secretary, 2801 Post Oak Blvd., Houston, Texas 77056. The

Corporate Secretary will forward these communications to the addressee. If any interested party would like to communicate with the non-management directors or independent directors as a group, the interested party should address such communication as follows: Non-management Directors or Independent Directors (as applicable), c/o Corporate Secretary, Westlake Chemical Corporation, 2801 Post Oak Blvd., Houston, Texas 77056. Upon receipt, Westlake's Corporate Secretary will forward the communication, unopened, to one of the non-management directors or independent directors, as applicable. Such director will, upon review of the communication, make a determination as to whether it should be brought to the attention of the other non-management directors or independent directors, as applicable, and whether any response should be made to the person sending the communication, unless the communication was made anonymously.

MEETING ATTENDANCE

The Board of Directors held ten meetings in 2017. During 2017, all of our directors attended at least 75% of the total number of meetings of the Board of Directors and any committee on which he or she served during the periods that he or she served. Westlake encourages its directors to attend the annual meeting of stockholders. All eight of our directors at the time attended our annual meeting of stockholders in 2017.

COMPENSATION OF DIRECTORS

Directors who are also full-time officers or employees of Westlake receive no additional compensation for serving as directors. In 2017, all other directors who served for the whole year received an annual cash retainer of \$100,000. The Audit Committee chairman received an additional annual retainer of \$20,000, the Compensation Committee chairman received an additional annual retainer of \$15,000, the Nominating and Governance Committee chairman received an additional annual retainer of \$15,000 and the Corporate Risk Committee chairman received an additional annual retainer of \$15,000. Blakely, Graff, Lukens, Northcutt and Riley). All of these restricted stock units will vest on August 18, 2018, subject to the grantee's continuing service as a director of Westlake as of the vesting date. The Board of Directors, effective January 5, 2018, authorized the issuance of 1,090 restricted stock units to each of Messrs. David Chao, Haas and Sheets in connection with his appointment to the Board of Directors. All of these restricted stock units will vest on January 5, 2019, subject to the grantee's continuing service as a director of Westlake as of the vesting date. Each such restricted stock unit represents a contingent right to receive one share of Westlake's common stock at vesting.

PROPOSAL 1—ELECTION OF CLASS II DIRECTORS

Our Amended and Restated Certificate of Incorporation provides that the Board of Directors be divided into three classes, each consisting, as nearly as possible, of one-third of the total number of directors constituting the Board of Directors, with each class to serve for a term of three years. - H. John Riley, Jr.

Messrs. James Chao, Northcutt and Riley are incumbent Class II directors. Unless instructed otherwise, the proxies will be voted for the election of the four nominees named above. THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF THESE NOMINEES AS CLASS II DIRECTORS.

NOMINEES FOR ELECTION AS CLASS II DIRECTORS

From 1995 to 2003, Mr. McCollum held a number of senior positions at Tenneco, Inc., including Chief Financial Officer, and from 1991 to 1995 served as an Audit and Advisory Partner in Arthur Andersen's Energy Division, where he began his career. Mr. Riley holds a B.S. in Industrial Engineering from Syracuse University. He also completed the Harvard University Advanced Management Program.

The Board has concluded that Mr. Riley should serve as a director of the Company based primarily on his long experience as a senior officer, including chief executive officer, of a public company engaged in manufacturing. Although Mr. Riley had initially intended to retire at the end of his current term in May 2018, the Board asked that Mr. Riley stand for re-election and serve an additional year in order that the Board might continue to benefit from his leadership while transitioning the new directors onto the board. In connection with the same, the Board waived the age limit set forth in our Principles of Corporate Governance. If re-elected, Mr. Riley intends to step down as a director upon the first anniversary of his re-election.

COMPENSATION DISCUSSION AND ANALYSIS

A discussion and analysis of the Company's executive compensation philosophy, objectives and underlying program is presented below. This discussion includes a review of the following:

- Compensation Committee Oversight
- External Advisors
- The Deliberative Process
- Compensation Philosophy and Program Objectives
- Elements of the Program
- Establishing Compensation Levels
- Post-Employment Programs
- Employment Agreements; Severance and Change-in-Control Arrangements
- Deferred Compensation Programs

Compensation Committee Oversight

The Board of Directors has established a Compensation Committee (the "Committee") to review and provide oversight of the compensation programs of the Company and the compensation of the Principal Executive Officer (the "PEO"), the other officers named in the Summary Compensation Table (together with the PEO, the "Named Executive Officers" or the "NEOs") and other employees designated as executive officers of the Company (collectively, the "Executives").

Since Westlake is considered to be controlled by its principal stockholder under New York Stock Exchange rules, all Committee members are not required to be independent as defined by the listing standards of the New York Stock Exchange. The Committee is currently composed of seven independent board members, one of whom serves as the Committee's chair, and four non-independent members of the Board, one of whom is the PEO, one of whom is the Chairman of the Board, one of whom is the sister of the PEO and the Chairman of the Board, and the last of whom is the son of the Chairman of the Board and the nephew of the PEO.

The Committee operates under the provisions of a charter and meets periodically throughout the year. The Committee's duties include the following:

- reviewing and approving the corporate goals and objectives relevant to the PEO's compensation annually, evaluating the PEO's performance in light of the goals and objectives and determining the PEO's compensation level based upon the performance evaluation and other relevant factors;
- reviewing and approving the PEO's assessment of, and compensation recommendations for, the NEOs and other Executives;
- administering and making recommendations to the Board with respect to the design of the Company's incentive compensation plans, equity-based plans and other compensation and benefit plans and the issuance of stock and other awards under these plans;

- reviewing and making recommendations to the Board with respect to the fees and other compensation received by directors and board committee members;
- reviewing matters related to the succession plan for the PEO and other Executives;
- reviewing and approving employment agreements for Executives and change-in-control protection offered to non-Executive employees of the Company, if any; and
- producing a compensation committee report to be included in the annual proxy statement of the Company as required by applicable rules and regulations.

External Advisors

To assist the Committee in respect of its oversight responsibilities, the Committee periodically utilizes the services of independent third-party compensation consultants to conduct compensation surveys and determine compensation trends, analyze and assess the Company's compensation systems and programs, review current legal, accounting and administrative matters associated with executive compensation and offer opinions as to the effectiveness and competitiveness of the program. For 2017, the Committee directly engaged the services of Willis Towers Watson as a compensation consultant to advise the Committee on executive compensation matters. Willis Towers Watson assists the Committee by providing comparative market data on compensation programs and practices of peer competitors, the broader-based chemical industry and general industry. Willis Towers Watson also assists the Company with general compensation consultation regarding employees other than the NEOs. In 2017, the Company paid Willis Towers Watson approximately \$83,000 for executive compensation advisory services and approximately \$2,873,000 for other services (primarily related to the administration of the Company's legacy defined benefit retirement plans and integration services in connection with the acquisition of Axiall Corporation). The decision to engage Willis Towers Watson for the non-executive-compensation services was determined by management and approved by the Committee. In February 2018, the Committee assessed whether the work of Willis Towers Watson for the Company during 2017 raised any conflict of interest and concluded that no conflict of interest exists.

The Deliberative Process

In establishing target executive compensation, the Committee has selected a set of peer group companies (the "Peer Group") that is used as one of the means in helping to establish executive compensation targets. The companies that comprise the Peer Group are selected annually from among companies within the chemical industry of relative comparable size to Westlake, with executive positions of similar scope and responsibility and from among companies with which Westlake may compete for executive talent. The following companies make up the Peer Group as adopted by the Committee in 2017:

Air Products and Chemicals, Inc.	Huntsman Corporation
Ashland Global Holdings Inc.	The Mosaic Company
Axalta Coating Systems Ltd.	Olin Corporation
Celanese Corporation	Platform Specialty Products Corporation
CF Industries Holdings, Inc.	PolyOne Corporation
The Chemours Company	Praxair, Inc.
Eastman Chemical Company	RPM International Inc.
Ecolab Inc.	The Sherwin-Williams Company
FMC Corporation	Trinseo S.A.

As a result of changes in the Peer Group and in order to take into account the size and complexity of the Company's organization, the Peer Group was adjusted in November 2017 by adding Ecolab Inc. and Platform Specialty Products Corporation to, and removing Albemarle Corporation and The Valspar Corporation (which became a wholly-owned subsidiary of The Sherwin-Williams Company in 2017) from, the Peer Group. The Committee may add or replace companies in the Peer Group as warranted to reflect changes in the size, business profile and publicly-listed status of the companies in the Peer Group to help ensure that companies more comparable in size and business profile to the Company are included.

In addition to referring to the Peer Group, Willis Towers Watson utilizes survey data from its proprietary general industry and chemical industry databases, including, but not limited to, the Willis Towers Watson CDB Executive Survey as

well as the Hay Group Chemicals Industry survey and other relevant market information, that compare the compensation of executives at numerous companies in similar positions as the NEOs (the “Market Survey”). The Market Survey is used in conjunction with the Peer Group data (collectively, the “Reference Points”) to help validate the market findings and more specifically establish market compensation rates for positions for which there are limited Peer Group data and/or for positions that are not industry-specific and for which the Company would need to recruit on a broader basis (for instance, Chief Financial Officer). Finally, in establishing the target executive compensation, the Committee takes a total compensation view to include base pay, cash bonuses and long-term incentive and equity awards, so that as long as the composite total compensation of an NEO is competitive with the Reference Points, individual components may fall below or above the median of the Reference Points. In conducting its surveys for the Reference Points, Willis Towers Watson reports directly to the Committee on each component and on a composite total compensation basis.

The Committee meets annually in February to specifically address the compensation of the PEO, other NEOs and other Executives. During this meeting, the Committee reviews the achievement of the Company’s goals and objectives, including the Company’s performance relative to its competitors within the commodity chemical industry, including those direct competitors within the Peer Group, and the Committee reviews the Reference Points as well as other relevant factors established by the Committee for the PEO and the factors established by the PEO in setting and approving the other NEOs’ compensation. During this annual review meeting, the PEO also presents his recommendations to the Committee regarding the compensation to be provided to the other NEOs and other Executives. The PEO and the Committee, after considering data from the Reference Points and other relevant factors, set the compensation for these Executives.

Compensation Philosophy and Program Objectives

The Company has designed and maintains a comprehensive executive compensation program as a means of:

- attracting, rewarding and retaining top executive talent in support of the Company’s vision, mission and objectives;
- maintaining market competitiveness with the Company’s peer group compensation programs and practices;
- encouraging and rewarding the achievement of specific individual, business segment and corporate goals and objectives;
- placing a significant portion of total compensation at risk through variable pay components, including upside potential where targeted objectives are exceeded, to promote management action to create added stockholder value;
- aligning management interests with the interests of the stockholders; and
- balancing short-term objectives with long-term strategic initiatives and thinking through the design of both short-term and long-term pay programs.

Elements of the Program

The Company’s executive compensation program contains a combination of both short-term and long-term elements designed to reward and encourage near-term goal accomplishment as well as to reward and encourage long-term strategic thinking and actions that benefit the Company and its stockholders. These combined elements, in tandem with employee benefits and a limited number of perquisites, form the basis of Westlake’s total compensation system. These elements have been chosen as the compensation components designed to allow the Company to adhere to the above stated compensation philosophy and program objectives which include remaining “market competitive” with its peers in the chemical industry and the broader market for executive talent. Each element has been allocated in the total compensation package in an attempt to find a balance between short-term and long-term rewards as well as cash and non-cash forms of payment. Further, the total compensation program seeks to place a significant amount of pay “at risk” through the use of variable pay elements. The Committee has determined that based on the Reference Points and their broad corporate-wide responsibilities, the PEO and the Chairman, as compared with other NEOs, should receive a higher portion of their total compensation from “at risk” components given their ability to influence Company performance and the desire of the Committee to further incentivize the PEO’s and the Chairman’s ongoing efforts to create value for the stockholders. The relative difference in pay between the PEO and the Chairman primarily reflects the difference in job scope and responsibility between the two positions and is further validated by the Reference Points data, which show that the PEO is typically the

highest paid position. The relationship in pay among the other NEOs is driven by variation in job scope and level of responsibility, the Reference Points data, individual performance, internal equity and other factors as determined by the Committee as appropriate.

Prior Votes on Executive Compensation

In approving the 2017 compensation of the NEOs, the Committee considered the results of the advisory vote on the say-on-pay proposal at the 2017 annual meeting of stockholders, at which a substantial majority of the votes cast on the say-on-pay proposal were voted in favor of the proposal. The Committee did not change its executive compensation approach based on the vote. The Committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for the NEOs. At the 2017 annual meeting, a substantial majority of the votes cast on the advisory vote on the frequency of the say-on-pay proposal were voted in favor of holding that vote every three years.

Establishing Compensation Levels

On an annual basis as the Committee meets to set the target compensation for the PEO, other NEOs and other Executives, the Committee considers the responsibility and scope of the individual job assignments as well as the Executive's job performance and achievements measured against a variety of goals and objectives. As a first step, the PEO provides his evaluation of each Executive based upon the achievement of goals and objectives unique to a business segment or a corporate assignment and an assessment of the Executive's individual contribution and effort and a variety of managerial success factors. Next, the Committee may make its own assessment of each Executive based upon the interaction Committee members have had with the Executive throughout the year. Lastly, once the Committee considers all of these factors in tandem with the Reference Points, the Committee establishes the compensation target for each element of the total compensation program.

Base Pay—This element is the principal cash compensation component of the Company's program and is designed to provide the Executive with a market-competitive minimum level of compensation. In setting base pay rates for 2017, the Committee considered the Reference Points, the scope and range of responsibility, accountability and business impact of the position as well as current economic conditions to aid it in evaluating and matching the positions with the market and setting fair-market competitive base pay targets. In setting base pay rates for Executives, the Committee has determined that, based on advice of its independent consultant, Willis Towers Watson, the base pay of the Executives can generally be considered as competitive if targeted to be within 90% to 110% of the 50th percentile of the market depending on the performance of the individual Executive, the magnitude of adjustments deemed necessary by the Committee to ensure retention of the Executive and the performance of the Company. The Committee also recognizes that market pricing is an inexact science and that base pay above or below that range may be required to meet market demand or to recognize individual performance or experience levels. The Committee does not set a specific fixed target percentage for any of the NEOs but generally works to set the base pay of each NEO to be within the range at its discretion based upon market and performance factors. Base pay is evaluated on an annual basis using then current market information, and the Committee may authorize an adjustment to:

- ensure that the Executive's current base pay is within the acceptable target level as determined by the Committee;
- ensure internal equity;
- recognize individual performance and contributions; or
- recognize changes in responsibility or the scope of the Executive's position.

For additional information on the salaries paid to the PEO and the other NEOs during 2017, see "Executive Compensation—2017 Summary Compensation Table." In February 2018, the Committee set the base salaries for the NEOs as follows: \$1,100,000 for Mr. Albert Chao, \$880,000 for Mr. James Chao, \$600,000 for Mr. Bender, \$530,000 for Mr. Buesinger, and \$520,000 for Mr. Ederington. The salaries of Mr. Albert Chao, Mr. James Chao, Mr. Bender, Mr. Buesinger and Mr. Ederington were increased from \$1,034,000, \$818,000, \$550,000, \$475,000 and \$457,000, respectively, after consideration of the Reference Points. During the course of 2017, the Committee increased the salary of Mr. Buesinger from \$457,000 to \$475,000 in recognition of the strong performance of the vinyls business.

Cash Incentive Plans/Bonuses—For 2017, the PEO, other NEOs and other Executives were eligible to be considered to receive payments under the Company's Annual Incentive Plan ("AIP") and Quarterly Incentive Plan ("QIP"). The AIP is designed to conform to the provisions of the Westlake Chemical Corporation 2013 Omnibus Incentive Plan, as amended and restated on May 18, 2017 (the "2013 Plan"). The Committee administers the AIP with respect to the Executives,

and the PEO (or any other Executive to whom the PEO may delegate such authority) administers the AIP with respect to other participants. Awards under the AIP are intended to qualify as “qualified performance awards” under the 2013 Plan that comply with the rules applicable to performance-based compensation pursuant to Section 162(m) of the Internal Revenue Code. The bonus potential of the AIP and QIP plans has been designed to serve as a significant incentive for continuous improvement and to provide compensation opportunities that are competitive within the market with an emphasis on the Company’s peers within the chemical industry.

AIP. Under the terms of the AIP, a target bonus percentage is established by the Committee for the PEO, other NEOs and other Executives generally ranging from 30% to 115% of base pay (as of the end of the previous year) depending on the position, level and range of responsibility of the employee. The Committee uses the target bonuses as reference points but retains the discretion to award bonuses based on the specific factors described below with respect to individual NEOs. In establishing the target bonus, the Committee reviews the Reference Points with respect to the PEO and the PEO’s recommendations and the Reference Points with respect to the other NEOs. The Committee set the AIP target bonuses for 2017 and 2018 as follows (as a percentage of base pay):

	<u>2017</u>	<u>2018</u>
Mr. Albert Chao	115%	115%
Mr. James Chao	95%	95%
Mr. Bender	70%	70%
Mr. Buesinger	65%	70%
Mr. Ederington	65%	70%

No bonus payment is authorized under the AIP unless one of the performance goals established by the Committee for the performance period is satisfied. For 2017, the Committee approved the following threshold metrics for the AIP, any one of which must have been met in order to authorize bonus payments under the AIP for 2017:

1. Total Shareholder Return (“TSR”)—the Company’s TSR relative to the Peer Group must be within the top two-thirds. For this purpose, TSR is defined as: (A) the average of the daily average stock price for the 90-day period ended on December 31, 2017, minus the average of the daily average stock price for the 90-day period ended on December 31, 2016, plus dividends paid, divided by (B) the average of the daily average stock price for the 90-day period ended on December 31, 2016.
2. Return on Capital—Return on Capital must be equal to or greater than 33% of the weighted average cost of capital. For this purpose, “Return on Capital” is defined as net operating profit after tax of the Company on a consolidated basis, divided by capital employed.
3. Budgeted SGA—the selling, general and administrative expenses (“SGA”) for 2017 must be equal to or less than \$451 million.

In February 2018, the Committee reviewed the results of the Company with respect to these performance goals and certified that all of these goals had been met for 2017, as follows:

1. The Company’s TSR relative to the Peer Group was determined to be within the top two-thirds.
2. The Company’s Return on Capital employed was equal to approximately 14.9%, which was greater than 33% of the weighted average cost of capital.
3. SGA expenses for 2017 were \$399 million.

The Committee then reviewed the contributions and performance of the PEO and each of the other NEOs during 2017 and, in its discretion, awarded bonus payments under the AIP to the PEO and each of the other NEOs. Mr. Albert Chao was awarded a bonus payment equal to 254% of his target bonus and Mr. James Chao was awarded a bonus payment equal to 254% of his target bonus, in each case based on the continued strong earnings and performance of the Company and the achievement of several strategic projects (including the integration of Axiall Corporation). The Committee awarded Mr. Bender a bonus payment equal to 263% of his target bonus in consideration of his leadership role in maintaining a strong balance sheet and in connection with the previously mentioned strategic projects. The Committee awarded Mr. Buesinger a bonus payment equal to 254% of his target bonus based upon the financial performance and continued strong competitive position of the vinyls business and the integration of Axiall. The Committee awarded Mr. Ederington a bonus payment equal to 240% of his target bonus based upon his leadership in various strategic projects.

In February 2018, the Committee approved a set of metrics substantially similar to those used for the 2017 AIP plan year, any one of which must be met in order to authorize bonus payments for the 2018 AIP plan year.

The cash bonus payments are typically made in March of each year.

QIP. The QIP is a short-term cash incentive designed for the general employee population including the NEOs and the other Executives and is paid to all eligible employees on a quarterly basis for the achievement of short-term operating goals for their respective departments, units or operations. For example, the targets in 2017 for an operating unit under either the olefins or the vinyls business segment included a variety of operational and commercial goals, including production and sales volumes, raw material usage and yields, as well as goals to limit or reduce safety and environmental incidents and to improve product quality. The QIP award for the NEOs with corporate assignments (Messrs. Albert Chao, James Chao, Bender and Ederington) was based upon keeping operating expenses within budgeted amounts for the applicable corporate departments and a weighted average of the factors for each of the business segments. For 2017, there were dozens of these targets for each NEO, no single one of which was material. All of the goals are established and weighted by management and approved by the PEO at the beginning of each year and are measured each quarter to determine the level of goal achievement and the payment amount. Although the QIP results are measured and a payment is received each quarter, the QIP provides for a make-up provision at the end of the year so that if certain targets were not met in the previous quarters, but were met at the end of the year, the participants will be eligible to receive a make-up payment for having achieved the targets for the full year.

The goal-setting process includes the establishment of targets that seek to foster continuous improvement in all aspects of the Company’s operations and in any given year to focus on the most important elements facing the operations at the time. The targeted quarterly payment under these plans for 2017 for each of the NEOs was 8% of quarterly eligible earnings. These target percentages reflect similar percentages for almost all similarly situated employees at Westlake. Payment is based upon the rate of actual goal achievement: in other words, if 60% of the quarterly targets were met, then 60% times 8% would be paid, or 4.8%. In all cases, however, the final payment is subject to the Company meeting a return on capital employed (“ROCE”) target which is specific only to the QIP and is established by the PEO at his discretion at the beginning of each Plan Year. The QIP ROCE target for 2017 was 5.25%. In the event the ROCE target is met, 100% of the QIP payment will be authorized, subject to the achievement of the actual goals. If the ROCE target is not met but is above 0%, then a prorated QIP payment will be authorized, subject to the achievement of the actual goals. If the ROCE target is 0% or below, a payment of 25% of the QIP will be authorized, subject to the achievement of the actual goals. The full year results of the QIP for 2017 for the NEOs is noted below:

	<u>Target Achievement</u>	<u>Adjustments made as a result of ROCE</u>	<u>Payout</u>
Mr. Albert Chao	89.85%	None	\$73,737
Mr. James Chao	89.85%	None	\$58,432
Mr. Bender	89.85%	None	\$39,234
Mr. Buesinger	83.78%	None	\$30,539
Mr. Ederington	89.85%	None	\$32,586

Long-Term Incentives (“LTI”)—A long-term equity and cash-based incentive program has been adopted by the Board of Directors to foster a long-term view of the business, assist in retaining and rewarding Executives for their efforts and achievements and provide management with an ownership interest in the Company to help to further align their actions with the interests of the stockholders. Under the terms of the 2013 Plan, the Company may grant Executives a variety of stock-based and cash-based compensation awards. In determining the targeted LTI award, the Committee utilizes the same deliberative process as earlier described for base pay and cash incentives. The Committee reviews the Reference Points and recommendations from Willis Towers Watson and the PEO, then sets a LTI target for each of the NEOs, which is a percentage of base pay based upon each NEO’s base pay as of the previous year end. As with other elements of the Company’s compensation program, the size of these awards is based upon the level and scope of the Executive’s job, the performance of the individual and competitive market forces. The Committee determined that to be competitive with relevant companies set forth in the Reference Points, the LTI targets for the PEO and other NEOs should be no less than 80% and no higher than 110% of the market 50th percentile for long-term incentives for similarly situated executives at companies set forth in the Reference Points. For more information on LTI awards granted to the NEOs in 2017, please see “Executive Compensation—2017 Grants of Plan-Based Awards.” After reviewing the Reference Points at meetings in February 2017 and 2018, the Committee set the LTI targets for Messrs. Albert Chao, James Chao, Bender, Buesinger and Ederington as outlined below.

The LTI targets (each as a percentage of base pay for an NEO) set for the CEO and the other NEOs by the Committee for 2017 and 2018 are as follows:

	<u>2017</u>	<u>2018</u>
Mr. Albert Chao	375%	375%
Mr. James Chao	375%	375%
Mr. Bender	190%	190%
Mr. Buesinger	150%	175%
Mr. Ederington	150%	175%

Changes in the LTI targets for Messrs. Buesinger and Ederington were made in consideration of the Reference Points data with respect to comparable positions.

The Committee granted the LTI awards using three separate components, each comprising one-third of the value of the overall award:

- non-qualified stock options;
- restricted stock units; and
- long-term cash performance awards.

The Committee, after consultation with management and Willis Towers Watson, has chosen this program to recognize the unique characteristic of each award type. While all three types of awards provide Executives with an incentive to help grow the value of the Company and the corresponding value of the stock, options may experience more volatility over the term of the award, and the Executives may receive no compensation if the price of the Company's shares never exceeds the exercise price of the options following vesting of the options. On the other hand, restricted stock unit awards put direct shares into the hands of management and give them a more direct line of sight to the potential value they might realize. In addition, the long-term performance cash award is designed to provide added incentive as an upside potential payment in cash based on the achievement of a performance target. Thus, the Committee believes the equal split of awards of stock options, restricted stock units and long-term cash performance awards provides an overall balanced award.

Non-Qualified Stock Options—Under the provisions of the 2013 Plan, the Company may grant non-qualified stock options to executive and senior management personnel. The Board of Directors typically grants these awards annually during the first quarter of the year in conjunction with the first Board of Directors meeting of the year. The grant price for these awards is based upon the mean of the high and low market price for shares of the Company's common stock on the date of the award as approved by the Board of Directors. All annual stock options granted by the Board of Directors to date have had a 10-year term with a three- or four-year ratable vesting period. The Company has not made any post-award adjustments in grant dates or grant prices.

Restricted Stock Units—As with stock options, the Board of Directors typically grants awards of restricted stock units annually during the first quarter of the year in conjunction with the first Board of Directors meeting of the year. Historically, each restricted stock unit award granted by the Board of Directors represents a contingent right to one share of Westlake's common stock and is scheduled to vest 100% at the end of a three-year period. Previously, the Company granted restricted stock awards for this component of the LTI awards. However, beginning in 2013, the Company decided to grant restricted stock unit awards in order to streamline administration.

Long-Term Cash Performance Awards—The long-term cash performance awards granted in February 2017 are subject to a three-year performance period beginning on January 1, 2017 and ending on December 31, 2019. The amount of cash received will be based upon either the Company’s total shareholder return compared with the total shareholder return of the Peer Group for 2017 (threshold performance requires a relative total shareholder return rank of at least the 33rd percentile; target performance requires a rank of at least the 50th percentile; and maximum performance requires a rank of at least the 75th percentile) or the Company’s return on the cost of capital (threshold performance requires returns equal to at least 50% of the weighted average cost of capital (“WACC”); target performance requires a return equal to at least the WACC; and maximum performance requires a return equal to at least two times the WACC), whichever measure results in the greater payout.

	<u>Threshold Performance</u>	<u>Target Performance</u>	<u>Maximum Performance</u>
Payment Rate	25% of target value	100% of target value	200% of target value
Performance Rate (Relative TSR)	33.3rd percentile	50th percentile	75th percentile
Performance Rate (Return on Cost of Capital)	at least .5X	at least 1X *	at least 2X

* “X” equals a return equal to the WACC

If at least the threshold performance is attained, the long-term performance awards will be paid in cash after the Committee determines the performance level.

The Company granted long-term cash performance awards in February 2018 with terms and conditions substantially similar to the 2017 awards.

Stock Ownership, Pledging and Anti-Hedging Policy—In an effort to further align the interests of the Executives and the stockholders, the Committee has adopted a policy that requires the PEO, each other NEO and other key Executives, as well as directors, to retain 50% of any vested restricted stock and shares of common stock of the Company acquired through the vesting of restricted stock unit awards, net of shares used to pay applicable taxes, until the total value reaches five times the annual base salary for Messrs. Albert Chao and James Chao, three times the annual base salary for certain other officers (including Messrs. Bender, Buesinger and Ederington), one times the annual base salary of other officers, and three times the annual cash retainer for directors, or until his or her employment or service, as the case may be, with the Company terminates. This policy also prohibits our directors and executives from shorting or hedging our securities, and requires directors and executives to provide notice prior to pledging our securities. None of our directors or executives currently pledges any of our securities.

Perquisites—During 2017, all Executives were eligible for a Company-paid membership in a local dining and/or athletic club and a Company-paid annual physical examination. These perquisites were provided as further means to attract and retain Executives, to provide Executives with access to facilities that may also be used for business entertainment and to promote personal health and wellness. The Company has decided to terminate such Company-paid membership effective in March 2018.

Post-Employment Programs—Executives are eligible for participation in the same retirement, pension and post-retirement benefit programs as all employees within their respective business units. The Company does not provide any supplemental executive retirement or pension benefit. The Company’s primary retirement benefit is the Westlake Savings Plan, a 401(k) defined contribution plan, and participating employees, including Executives, are eligible for a matching contribution from the Company based upon the plan provisions. Additionally, the Company provides an annual contribution to the plan for all eligible employees and Executives equal to 8% of their annualized base pay in 2017 and 2018 up to the IRS limits (\$270,000 for 2017 and \$275,000 for 2018).

Employment Agreements; Severance and Change-in-Control Arrangements—The Company does not have employment agreements with any of the NEOs; however, each Executive, including each of the NEOs, is typically provided an offer letter of employment containing the principal elements of the employment arrangement, including compensation. None of these offer letters currently contains a provision for payments upon a change in control.

Deferred Compensation Programs—The Company has no deferred compensation programs for which the Executives are eligible to participate except for the standard provisions of the Company’s 401(k) plan and provisions of Section 125 of the Internal Revenue Code whereby salary is reduced for taxation since the 401(k) contributions are made by employees on a pre-tax basis, thereby reducing their salary and taxable income.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. Albert Chao, David Chao and James Chao and Ms. Jenkins are currently members of the Compensation Committee and are not "independent" as defined by the listing standards of the New York Stock Exchange. Messrs. Blakely, Graff, Haas, Lukens, Northcutt, Riley and Sheets are also currently members of the Compensation Committee. Under the corporate governance rules of the New York Stock Exchange, we are considered to be controlled by TTWF LP, so we are eligible for, and have elected to take advantage of, the exemption from the provisions of those rules requiring a compensation committee composed entirely of independent directors.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely on a review of the copies of reports furnished to us during the year ended December 31, 2017 and written representations from our officers and directors, we believe all stock transaction reports required to be filed with the SEC under Section 16(a) of the Securities Exchange Act of 1934 in 2017 were timely filed by all directors, officers and beneficial owners of more than 10% of our common stock, with the exception that a Form 4 filed by Mr. Albert Chao related to an option exercise in February 2017 was filed one day late. An amended Form 4 was filed by Mr. Bender in December 2017 relating to an option exercise in November 2012 that was inadvertently omitted; and in February 2018, a Form 4 was filed by Mr. James Chao relating to gifts of Company stock in 2011 and 2013 that were inadvertently omitted.

CEO Pay Ratio Analysis

The table below sets forth comparative information regarding: (1) the annual total compensation of our Chief Executive Officer, Mr. Albert Chao, for the year ended December 31, 2017, determined on the basis described below; (2) the median of the annual total compensation of all employees of the Company and its consolidated subsidiaries, excluding our Chief Executive Officer, for the year ended December 31, 2017, determined on the basis described below; and (3) a ratio comparison of those two amounts. These amounts were determined in accordance with rules prescribed by the SEC.

For purposes of determining the median of the annual total compensation of all employees of the Company and its consolidated subsidiaries, excluding our Chief Executive Officer, for the year ended December 31, 2017, the applicable SEC rules require us to identify the median employee, by using either annual total compensation for all such employees or another consistently applied compensation measure. For these purposes, we used total taxable earnings, plus certain non-taxable items, including retirement plan contributions and car allowances/perquisites, as determined from the Company's payroll records for the period from January 1, 2017 through December 31, 2017 (the "Measurement Date"), as our consistently applied compensation measure. We included all employees of the Company and its consolidated subsidiaries as of the Measurement Date, whether employed on a full-time, part-time or seasonal basis and whether employed in the U.S. or a non-U.S. jurisdiction. We did not use statistical sampling or include any cost of living adjustments for purposes of this determination. After identifying the median employee, based on the process described above, we calculated annual total compensation for that employee using the same methodology we used for determining total compensation for 2017 for our named executive officers as set forth in the Summary Compensation Table.

Chief Executive Officer annual total compensation (A)	\$8,513,597
Median annual total compensation of all employees (excluding Chief Executive Officer) (B)	\$82,397
Ratio of (A) to (B)	103.3

The office space for our principal executive offices in Houston, Texas is leased, at market rates, from GUIC Post Oak, Ltd., an affiliate of our principal stockholder, under a lease that expires on December 31, 2019, with a five-year option at the expiration of the lease. Total annual lease payments in 2017 were approximately \$2.7 million.

The Company and/or its affiliates purchase oxygen, nitrogen and utilities and lease cylinders from various affiliates of American Air Liquide Holdings, Inc. In 2017, the Company paid these affiliates of Air Liquide approximately \$30 million. The Company also sold certain utilities to Air Liquide in the amount of approximately \$7 million.

The related party transactions set forth above have been previously approved by the Board of Directors without the participation of the directors interested in the transaction.

In 2017, Mr. Lukens purchased approximately \$2 million in aggregate principal amount of Louisiana Local Government Environmental Facilities and Community Development Authority (“LCDA”) Revenue Refunding Bonds (Westlake Chemical Corporation Projects), Series 2017 (the “2017 Revenue Refunding Bonds”). We issued a series of our senior unsecured notes to collateralize our obligations under the loan agreement relating to the 2017 Revenue Refunding Bonds.

AUDIT COMMITTEE PRE-APPROVAL

The Audit Committee has adopted a policy for the pre-approval of services provided by the Company’s independent registered public accounting firm. Under the policy, pre-approval is generally provided for work associated with audit, review or attest engagements, tax and permissible non-audit services, including the fees and terms thereof, to be performed by the independent registered public accounting firm, subject to, and in compliance with, the de minimis exception for non-audit services described in the Securities Exchange Act of 1934 and the applicable rules and regulations of the SEC.

REPORT OF THE AUDIT COMMITTEE

Six directors currently make up the Audit Committee of our Board of Directors: Robert T. Blakely (chairman), Michael J. Graff, Max L. Lukens, R. Bruce Northcutt, H. John Riley, Jr. and Jeffrey W. Sheets.

During the course of performing its duties, the Audit Committee issued the following report.

The information contained in this report shall not be deemed to be “soliciting material” or “filed” or incorporated by reference in future filings with the SEC, or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act or the Exchange Act.

The charter of the Audit Committee of the Board of Directors specifies that the purpose of the Audit Committee is to assist the Board of Directors in its oversight of:

- the integrity of the Company’s financial statements;
- the Company’s compliance with legal and regulatory requirements;
- the qualifications and independence of the Company’s independent registered public accounting firm; and
- the performance of the Company’s independent registered public accounting firm and internal audit function.

The Audit Committee charter is available on the Company’s Investor Relations website (www.westlake.com under “Investor Relations”).

In carrying out these responsibilities, the Audit Committee, among other things:

- monitors preparation of quarterly and annual financial reports by the Company’s management;
- supervises the relationship between the Company and its independent registered public accounting firm, including: having direct responsibility for the public accounting firm’s appointment, compensation and retention; reviewing the scope of its audit services; approving audit and non-audit services; and confirming the independence of the independent registered public accounting firm;
- oversees management’s implementation and maintenance of effective systems of internal and disclosure controls, including review of the Company’s policies relating to legal and regulatory compliance, ethics and conflicts of interests and review of the Company’s internal auditing program; and
- oversees financial risks.

In 2017, the Audit Committee was comprised of Mr. Robert T. Blakely (chairman), Mr. Michael J. Graff, Mr. Max L. Lukens, Mr. R. Bruce Northcutt and Mr. H. John Riley, Jr. Mr. Jeffrey W. Sheets joined the Audit Committee in January 2018. The Audit Committee met eight times during 2017. The Audit Committee schedules its meetings with a view to ensuring that it devotes appropriate attention to all of its tasks. The Audit Committee’s meetings include, whenever appropriate, executive sessions with the Company’s independent registered public accounting firm and with the Company’s internal auditors, in each case without the presence of the Company’s management.

As part of its oversight of the Company’s financial statements, the Audit Committee reviews and discusses with both management and the Company’s independent registered public accounting firm all annual and quarterly financial statements prior to their issuance. During 2017, management advised the Audit Committee that each set of financial statements reviewed had been prepared in accordance with generally accepted accounting principles, and reviewed significant accounting and disclosure issues with the Audit Committee. These reviews included discussion with the independent registered public accountants of matters required to be discussed pursuant to the Public Company Accounting Oversight Board’s AU Section 380 (Communication with Audit Committees), including the quality of the Company’s accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Committee also received the written disclosures and the letter from PricewaterhouseCoopers LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding PricewaterhouseCoopers LLP’s communications with the Audit Committee concerning independence.

The Audit Committee also reviewed and discussed with the Company’s management, and the independent registered public accounting firm, management’s report and PricewaterhouseCoopers LLP’s report on internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act of 2002.

In addition, the Audit Committee reviewed key initiatives and programs aimed at strengthening the effectiveness of the Company’s internal, and disclosure, control structure. As part of this process, the Audit Committee continued to monitor the scope and adequacy of the Company’s internal auditing program, reviewing staffing levels and steps taken to implement recommended improvements in internal procedures and controls.

OTHER MATTERS THAT MAY COME BEFORE THE ANNUAL MEETING

We do not know of any matters other than those stated above which are to be brought before the annual meeting of the stockholders. However, if any other matters should be properly presented for consideration and voting, it is the intention of the persons named in the proxy to vote on those matters in accordance with their judgment.

HOUSEHOLDING

The SEC permits a single set of annual reports and proxy statements to be sent to any household at which two or more stockholders reside if they appear to be members of the same family. Each such stockholder continues to receive a separate proxy card. This procedure, referred to as householding, reduces the volume of duplicate information stockholders receive and reduces mailing and printing expenses. A number of brokerage firms have instituted householding.

As a result, if you hold your shares through a broker and you reside at an address at which two or more stockholders reside and you are not participating in the electronic delivery of proxy material, you will likely be receiving only one annual report and proxy statement unless any stockholder at that address has given the broker contrary instructions. However, if any such beneficial stockholder residing at such an address wishes to receive a separate annual report or proxy statement in the future, that stockholder should contact their broker or send a request to our Investor Relations Department, Westlake Chemical Corporation, 2801 Post Oak Blvd., Suite 600, Houston, Texas 77056, telephone number (713) 960-9111. The Company will deliver, promptly upon written or oral request to the Investor Relations Department, a separate copy of the 2017 annual report to stockholders and this proxy statement to a beneficial stockholder at a shared address to which a single copy of the documents was delivered. If you hold your shares through a broker and you reside at an address at which two or more stockholders reside, but you are currently receiving more than one copy of the annual report and proxy statement, you may request delivery of a single copy of the annual report and proxy statement by contacting your broker or sending a request to the address above. The annual report is not a part of the proxy solicitation material.

OBTAINING COPIES OF THE COMPANY'S FORM 10-K

STOCKHOLDERS OF THE COMPANY MAY OBTAIN, WITHOUT CHARGE, A COPY OF THE COMPANY'S ANNUAL REPORT ON FORM 10-K FOR THE FISCAL YEAR ENDED DECEMBER 31, 2017 BY SENDING A WRITTEN REQUEST FOR THE FORM 10-K TO THE INVESTOR RELATIONS DEPARTMENT, WESTLAKE CHEMICAL CORPORATION, 2801 POST OAK BLVD., SUITE 600, HOUSTON, TEXAS 77056.

STOCKHOLDER PROPOSALS FOR THE NEXT ANNUAL MEETING

Proposals by stockholders intended to be presented at the 2019 annual meeting of stockholders must be forwarded in writing and received at our principal executive offices no later than December 7, 2018, directed to the attention of the corporate secretary, for consideration for inclusion in our Proxy Statement for the annual meeting of stockholders to be held in 2019. Moreover, with regard to any proposal by a stockholder not seeking to have its proposal included in the Proxy Statement but seeking to have its proposal considered at the 2019 annual meeting, a stockholder must notify us of its proposal by January 18, 2019; provided, that if the date of the 2019 annual meeting is more than 30 days before or 60 days after the anniversary date of the 2018 annual meeting, such notice must be delivered no later than the later of the 120th day prior to the

2019 annual meeting and the 10th day following the day on which we first publicly announce the date of the 2019 annual meeting. Any stockholder proposals must comply in all respects with the rules and regulations of the SEC.
